

CAPABILITY STATEMENT

WWW.TOPTECHCLOCKS.COM

Not Your Ordinary Time Zone Clocks!

Top Tech Clocks designs, develops, and manufactures the next generation time zone clocks. Founded in 2021, Top Tech Clocks is a Woman-Owned Small Business. We developed the most user-friendly, fastest programmable, and the only energy efficient time zone clocks obtainable, but our systems are more than just a clock! USING ENHANCED TECHNOLOGY, WE CREATED THE FIRST EVER TIME ZONE CLOCK SYSTEM WITH VIDEO CONFERENCING CAPABILITIES, (Using customer's existing equipment). Our Patent-Pending system is the only multi-functional system available that allows users to toggle back and forth between a time-zone system, video conferencing, and even tv, making us the Best Value Time zone Clock Systems on the market! Plus, our proprietary, sophisticated software allows users to program our systems in mere minutes, setting us apart, as the MOST USER-FRIENDLY SYSTEM to date; and we deliver all this at HIGHLY COMPETITIVE PRICES, comparable to our competitor's archaic systems.

Differentiators

- No Ordinary Time zone** - Using enhanced technology, we created the 1st ever time zone clocks with video conferencing capabilities.
- User-Friendly** - Program clock within 3-5 minutes without requiring IT Professional assistance.
- SCIF/Secure Options** - Choose No Wi-Fi option where Bluetooth, Wi-Fi and speakers are removed.
- Truly Deployable OCONUS** - Small footprint embedded software device connects to existing HD 1080p/4K display or projector.
- Searchable Database** - Program and auto-populate over 200,000 global cities and military bases.
- Save/Edit/Recall Templates** - Effortlessly save, edit, and recall past configurations in seconds.
- Scalable Capabilities** - Scale from 1-48 time zones within a single system
- Automated Features** - Clocks auto-populate and center time, labels, time zone offsets, and daylight savings.
- No Manual Needed** - Intuitive touchscreen remote provides instructional prompts throughout the programming process.
- LCD Technology** - Energy Star, 24/7 commercial display. Toggle between time zone software & office functionalities.
